

# TACITOUS

## What is Tacitous

Tacitous is an online (cloud) based Knowledge Management Platform – provided as a technical service to large scale Enterprise Businesses. Business who need to retain knowledge and lessons learned to provide business benefits – like lowering HSE Incidents, or retaining tacit skills which can be lost in a business due to employee succession.

## Business Benefits

Collaborate and work together with anyone across your company on shared interested communities. Communities over versatile working spaces for teams.

Ability to empower used to store, retrieve and access codified knowledge and lessons learned in a standard way – providing immediate feedback to all users.

Knowledge Management is a new technical Science, which enables business to capture, distribute, and effectively using knowledge at an organisational level.

Gartner Group have defined Knowledge Management (Duhon, 1998) as: “Knowledge management is a discipline that promotes an integrated approach to identifying, capturing, evaluating, retrieving, and sharing all of an enterprise’s information assets”

## Purpose built around knowledge management.

Finally a standard built for purpose tool Knowledge Management Tool. There is no current global standard platform / solution or even market leader for Knowledge Management. A variety of on premise file shares, spreadsheets, database, SharePoint, LiveLink and bespoke solutions are the myriad of indistinct solutions out there on the market.

## Knowledge management available everywhere.

The Tacitous concept is to have a on Cloud Solution which is security trimmed to each individual organization, available as a Software as a Service / subscription model. Mobility is also key to sharing of knowledge hence direct User Interface layers which enable Secure viewing on mobile devices and the Internet of Things (IOT- IOS, Android, Win10).

## ONE PLATFORM FOR EASY ACCESS

The Tacitous Knowledge Management Platform enables users and Subject Matter Experts to collaborate and communicate on groups of practice.

### Communities of Practice / Forums

Communities of Practice (CoP) groups of people who share a concern or a passion for something they do and learn how to do it better as they interact regularly.” This learning that takes place is not necessarily intentional.

### Corporate Knowledge Portal

A central place for multinational teams to collaborate news and information across different platforms

### Industry Specific Terminology Database

Tacitous brings together worlds standards terminology on subects like Oil and Gas, Heath and Safety, Contracts and Procurement.
